Chadeish Yameinu, an open, egalitarian Jewish Renewal Community, represents diversity. Our school provides flexible alternatives for all families, including “traditional,” single-parent, gay/lesbian and inter-faith.

This September, CY Community School offers classes in Jewish holidays, Hebrew Play/Reading, Bar/Bat Mitzvah, Family learning, and much more! We help our young people become critical thinkers, empowered to develop personal perspectives. Our youth integrate Jewish values with the challenges facing today’s global community.

Rabbi Eli Cohen is a wonderful bridge between religious traditions & progressive values, carrying the depth and joy of Jewish spirituality into our emerging paradigm.
